

Verulam School: Key Stage 4 CURRICULUM INFORMATION

Department: Design & Technology
Subject Leader: NJP

Subject Vision: Across all Key stages (except food KS5) in Design & Technology and Food, we actively engage students to plan, think, solve creatively, and evaluate iteratively. Our students are self-motivated and confident learners; able and ready to take on current and future technological challenges. Vital in critically understanding today's ever-changing global world; we aim to create a growth mindset in students who will be ready and willing to engage in being able to have the knowledge, thinking skills and ability to innovate with new technologies to make a difference.
