

Verulam School: Key Stage 3 CURRICULUM INFORMATION

Department: Science

Subject Leader: Alexander Jamali

Subject Vision: Our Science curriculum is designed to develop our students as strong independent thinkers who are curious about the world around them and develop their own scientific interests. We want them to have a range of complex scientific & transferable skills that allows them to make reasoned judgments for themselves and for the wider community.

	YEAR 7					
Term	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
