

The Autumn Term, being the longest of the 3, is always busy and full of many great events. Amongst them, year 10 took part in the term's Curriculum Enrichment Day based on "growing against violence". The students attended different interactive talks about gangs, weapons and choices, and attitude adjustments. These were very informative and seeing how engaged the students were, it was a very successful day.

We also had the reward trips where quite a few students went to: the escape rooms and the Christmas London Tour.

Some of year 10's students took part in some UK competitions and got a certificate of achievement: Languagenut UK competition and the UK Bebras Challenge where a few students got a gold reward.

Another highlight of the Autumn Term was the Wizard of Oz: such an uplifting play with so much talent and beautifully soul filling live music!

All of the above happening while focusing on their GCSE courses: Year 10 hasn't stopped amazing me....
